

Marine Mechanic

Job Type: Permanent, Full time; Available Immediately

Remuneration: \$18-\$25 per hour based on qualifications

Job Description and Key Responsibilities:

[Platinum Marine](#) is looking for an experienced individual to install and repair mechanical systems on vessels.

Key responsibilities are as follows.

- Working with production and project managers to establish estimates, schedules, material orders, productions details etc.
- Ability to operate all normal machinery and deck equipment
- Must be able to perform associated duties such as welding, rigging, engine service, electrical repair, pump and piping
- Make recommendations for equipment, tools, processes, and supplies in order to increase the quality of the project and meet the target
- Incorporate and support a culture of continuous improvement to increase efficiencies and reduce costs
- Strong attention to detail
- Demonstrate safe work practices at all times

Qualifications:

The candidate will have excellent organizational, communication, problem-solving, influencing and time management skills. Must have experience in propulsion, steering, hydraulic, fuel, piping systems and plumbing.

- 5+ years in a marine mechanic role
- 5+ years of experience in operation, repair and maintenance
- Previous welding and fabricating experience is an asset
- Confined space training is considered an asset
- Ability to work effectively as part of a team and/or independently
- Must be reliable, honest and punctual
- Ability to work in a fast-paced environment and adapt quickly to new procedures
- Positive attitude, flexible and a team player

Education/Training:

- Marine Mechanical certification is considered an asset
- Marine engineering or equivalent experience including on board experience with shipyard periods is considered an asset

Working Conditions

Reporting to the System or Project Manager, the candidate's time will primarily be spent in an office environment. Typical business hours are 7:00am – 3:30pm Monday to Friday. Travel may be required from time to time.

Company Description:

Platinum Marine is the largest full service yacht refit and repair facility in Western Canada servicing boats over 60'. The shipyard and head office is located on Mitchell Island, Richmond (a suburb of Vancouver). With over 80 employees the company focuses on large refit and transformational projects. At any given time, Platinum has multiple large size projects on the go. Customers come primarily from Canada and the USA but the company is known globally and the clientele reflect this.

Platinum's management and professional staff are vastly experienced. Our workforce is highly trained and diverse. Top management include people from Canada, the USA, New Zealand, Australia, Turkey, and England. Positions include naval architects, designers, shipwrights, engineers and specialized journeymen.

Our corporate culture values innovation, efficiency, and forward thinking. We support our employees' passion for boat building with best practices so that we have highly trained, motivated employees who feel they are an important part of the end product.

Platinum Marine's sister companies include [Crescent Yachts](#) , [CCYMarine](#), [Milltown Marine Services](#), [WrapBoats.ca](#), [Tactical Custom Boats](#)
